

- Alexander von Humboldt -
1769 - 1859
Polymath,
geographer,
naturalist,
explorer,
and
so very
Romantic!

Galápagos finch

- Charles Darwin -
1809 - 1882

Naturalist, geologist, and biologist
whose scientific theory of evolution
by natural selection became the foundation
of modern evolutionary studies.

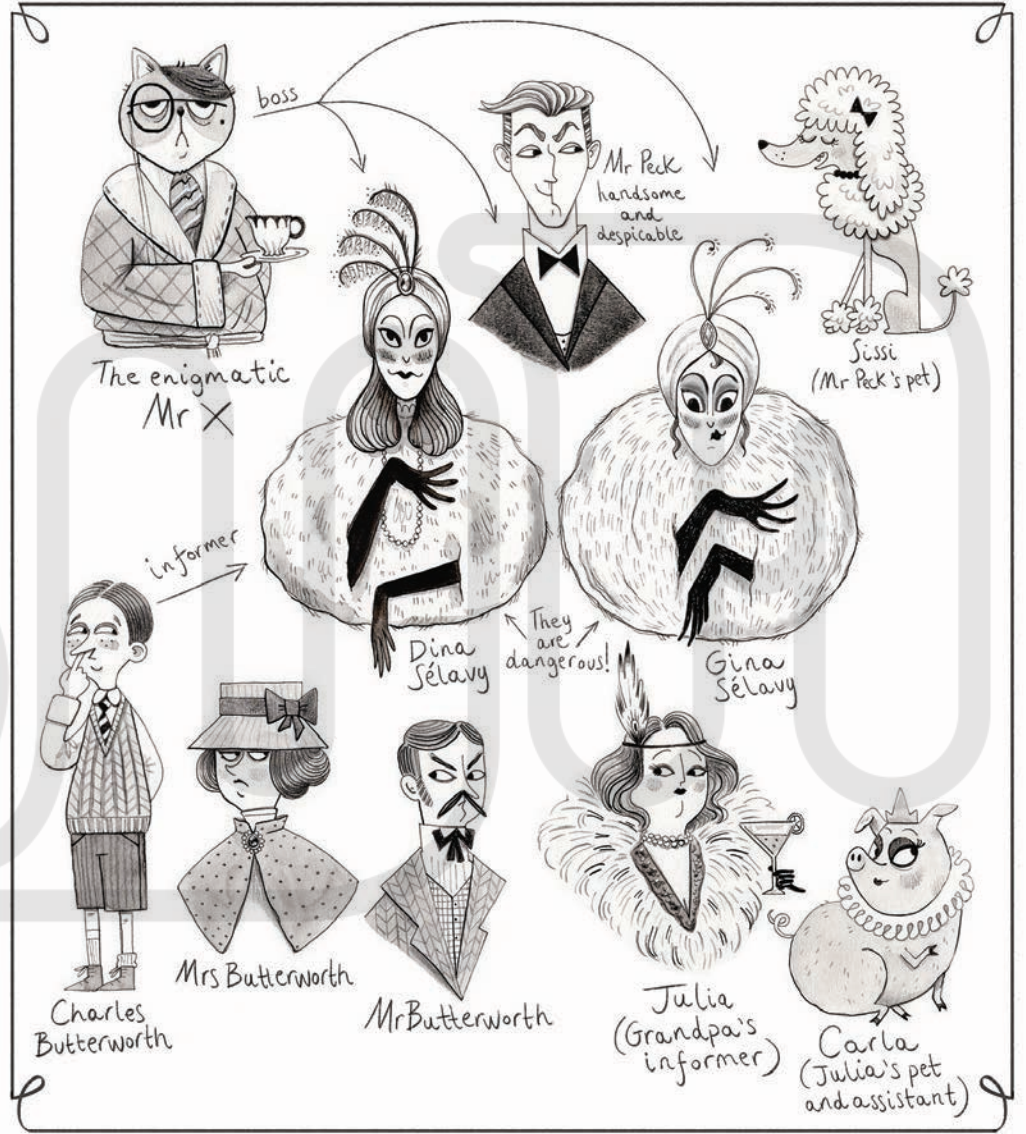

The cliffs of Black Ven,
between Lyme and
Charmouth.

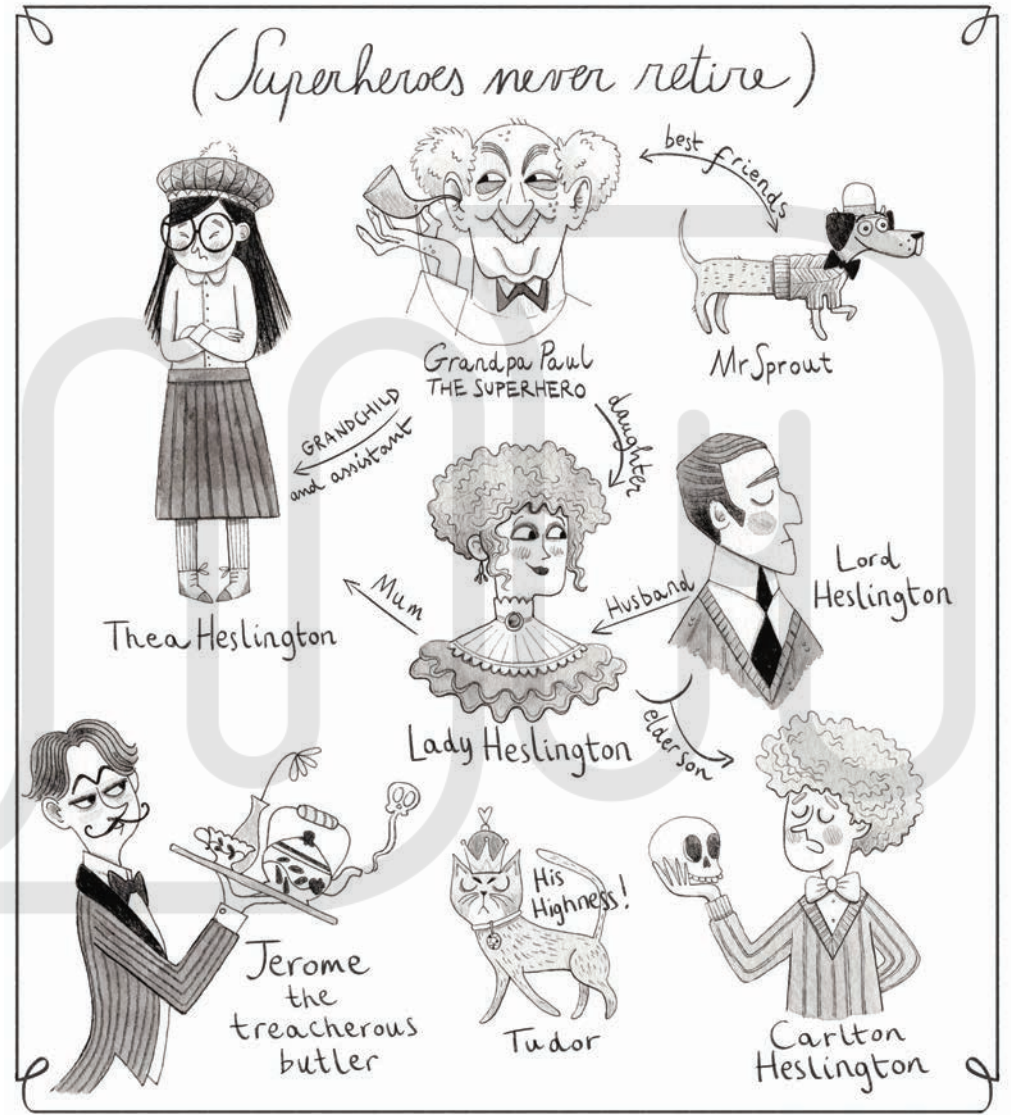

AMMONITE.
One of her
foundlings.
The little
cuties!

Purse

- Mary Anning -
1799-1847

Fossil collector, dealer, palaeontologist.

Cassey
Almond

Ben Myers
1962-1974

Inspector Pat Cornelian
1891
Pat got the position passing
an extremely tough
correspondence exams

Her office is
so untidy!

- What's inside
Inspector's purse?
- Pen
 - Notebook
 - Magnifying glass
 - Aniseed balls
 - Handcuffs
-

Romantic when
it comes to flowers
and fragrances.
Pat has an
incredible
sense of smell

Able to endure
her constables
getting into
trouble

Ready for a new case

Sharp as
a tack

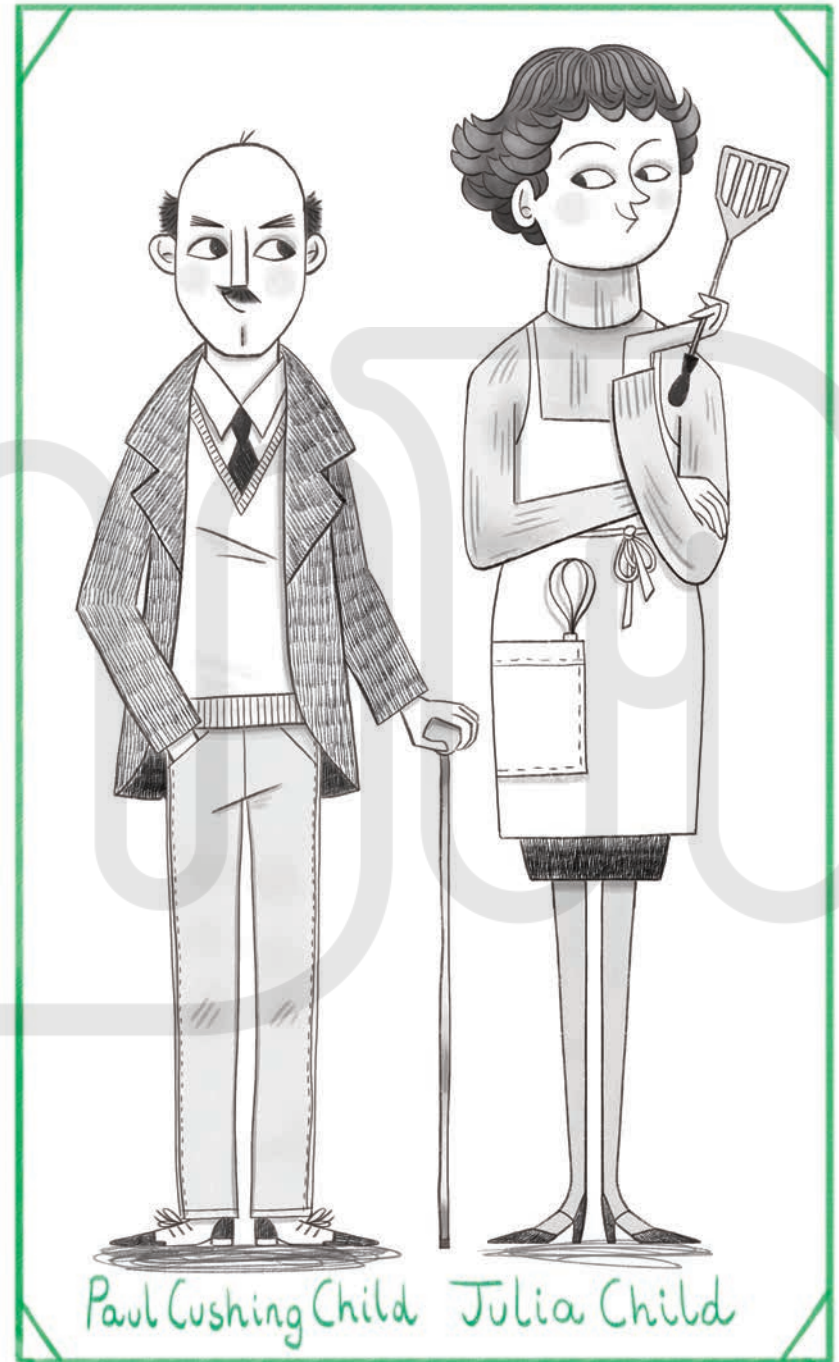

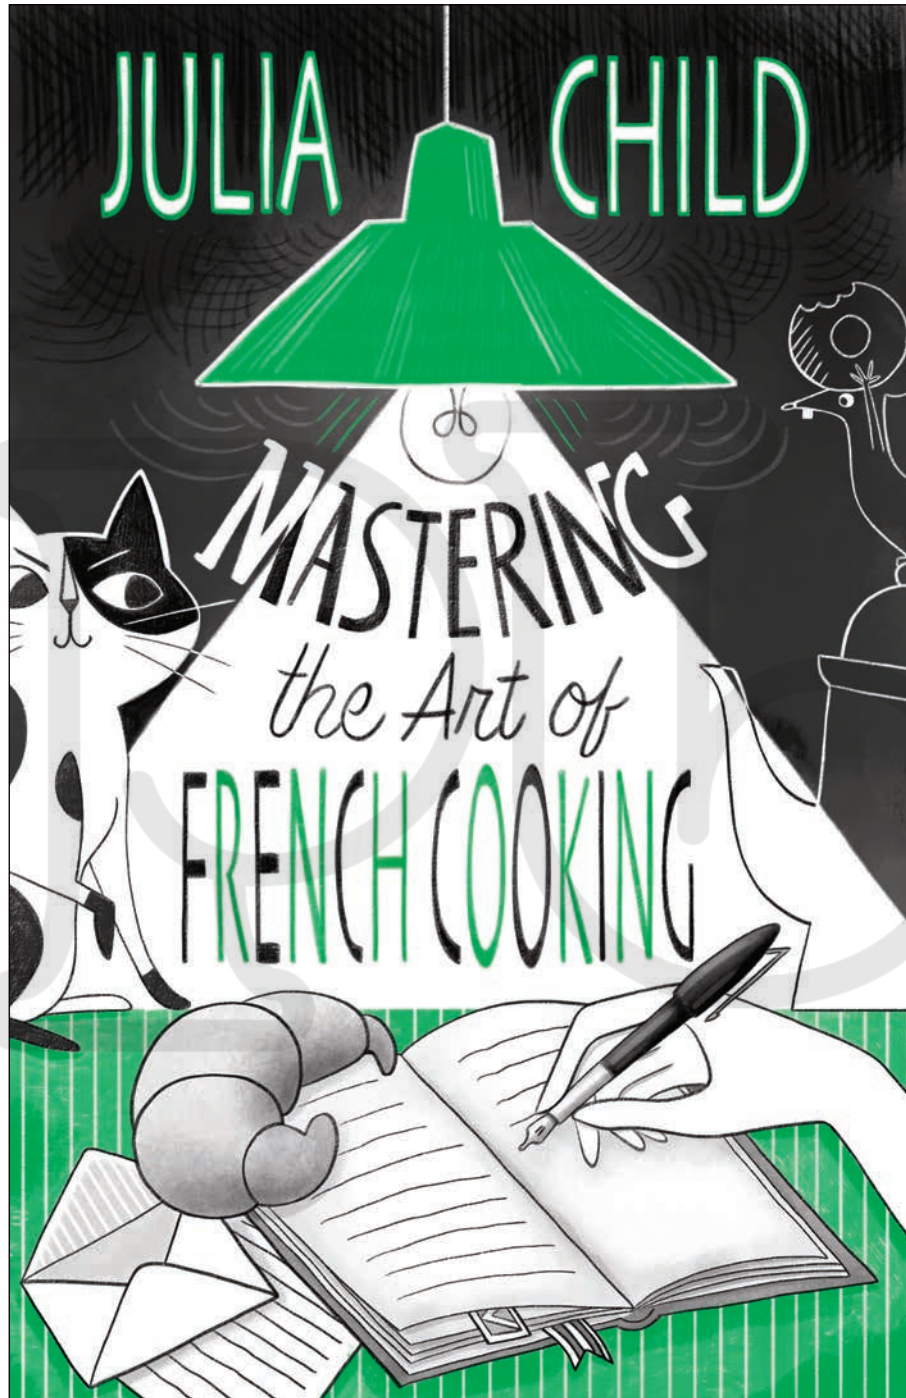

DO NOT
DISTURB

Rather
authoritative
at times

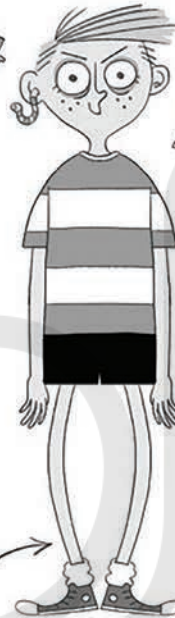

The League of Lost Souls

Pantasima Nuvolari
Super star opera singer,
died during a concert
pierced from the sharp fragments
of a theatre crystal dome
smashed by a high note of hers

Captain Pirate Half Alf
passed away hit ten
from a cannonball whilst
defending his priceless Treasure

Ben Myers
died 12 years old,
choked from the smoke
in the attempt to rescue
his beloved cat Cora from a fire.
He can talk to animals

Violet Dalton
brilliant chemist,
died poisoned from a silly mistake
by mixing up the wrong
ingredients to create
a new super-effective
stain-removing soap

Buster Goldman
died from a sudden heart attack
just before concluding
his best sale ever:
a very expensive model
of SDMHR2000,
The Super-Duper Multipurpose
Home Robot
