

Our Little Red was an adventurous child with a streak of the rebel about her. Do you think she stayed on the path? Of course, she did not!

Glistening among the trees were two sparkling yellow eyes belonging to The Wolf.

Wolf, what are you doing, hiding in the trees?

"I was watching you, to make sure you were safe." The Wolf lied. "Where are you going with that big bag?" The Wolf asked.

"I'm going to visit Nin, she's going to fix my hood up good as new!" Little Red exclaimed.

"And where is your Nin?" The Wolf asked coldly.

Little Red replied, "She lives at the bottom of this road, the house with big red door, you can't miss it!"

WAIT FOR RED!

The Wolf had a plan to get to Nin before Little Red so then he could eat them both!
